-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 102

2. Claim 34 and 45 are rejected under 35 U.S.C. 102(b) as being anticipated by JP 5207196A.

JP5207196A teaches a device comprising a semiconductor substrate with a wiring layer on one side and a patterned aluminum oxide film on the back surface of the substrate (See abstract).

3. Claims 34-36 and 45-47 are rejected under 35 U.S.C. 102(b) as being anticipated by JP362031922A (Shimojo et al.).

Shimojo teaches a device having a discontinuous alumina layer (4) formed on an aluminum wiring layer (2) (See abstract and Figure 1).

Allowable Subject Matter

4. Claims 29-33 are allowed over the prior art of record.
5. The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 29-33, while the closest prior art of record, Popp, teaches an electrolytic capacitor comprising an electrode of an aluminum metal anode foil (electrically conductive valve metal substrate) and a dielectric layer of aluminum oxide (valve metal oxide) formed on the aluminum anode foil and further teaches that the electrode has a fractal surface coating, the Popp reference fails to teach that or suggest that that the fractal surface coating includes both a valve metal and a metal oxide thereof.

Response to Arguments

6. Claims 29-33 remain allowable over the prior art. The rejections made over the Alugin reference have been withdrawn in response to applicant's amendments to the claims. New rejections have been made over claims 34-36 and 45-47 in response to an updated search of the prior art necessitated by applicants' amendment to the claims.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen Stein whose telephone number is 572-272-1544. The examiner can normally be reached on Monday through Friday from 8:30 a.m. to 5:00 p.m. If the attempts to reach the examiner are unsuccessful, the examiner's supervisor, Deborah Jones can be reached by dialing 571-272-1535. The official fax number is 703-872-9306.
